Notes

1. Other wireless servers apart from KIRK Wireless Servers need to be CLIP-enabled to perform this feature.
2. The MSF feature is only supported by KIRK Solutions.
3. The system must be CLIP-enabled in order to perform this feature. The number of incoming/missed/received calls is subject to change due to continuous updating of Polycom KIRK products.
4. Support of Intercom/Loudspeaker call is a systems dependent feature
