Online Support - Documentation

➢ The **Documentation** link provides access to
  - Administrator Guidance and
  - User Guidance
The **FAQ & How Tos** section provide solution articles that give answers to questions about how to use our products or how to enable specific features.

Generally speaking, **FAQ & How TOs** provide answers to questions of the type “How To …”, “How Do I …”, or “Why does …”.

The left hand navigation allows browsing to new and popular content based on Content Channels like product announcements, FAQs or general product information.
Users do not need to be logged in to use the KB. However, Partner and Polycom users have access to additional content if logged in.

When searching for content, please use search phrases like asking an intelligent assistant on a smart phone.

- ASK Polycom uses Natural language search, therefore the need to enter phrases and not just search key words.
- Review the search tips below the search entry field for more information.

Search results contain knowledge base articles as well as Technical Documentation

- KB articles can be identified by a 👤 icon
- Documentation (Administrator and User Guidance) can be identified by a 📚 icon
Popular Topics & Most Frequently Asked Questions

➢ The list of popular topics is based on content usage and feedback

Popular Topics about Polycom Cloud Service

- Introducing Polycom RealConnect for Office 365
- What information is needed to open a Service Request for Polycom Cloud Services
- Where to find information on RealConnect for Office 365
- What features does the first release of PDMS include?
- What is the recommended deployment scenario for PDMS?
- How to test network capability connecting RealConnect for Office 365 with supported Endpoints
- Where can I download Cloud Relay software?

➢ Selecting More brings site visitors to the Knowledge Base search page
The **Video library** will provide over time a series of short instructional videos for administrators and end users to get acquainted with the Polycom RealConnect for Office 365 video interoperability service.

- The videos are focused on specific subjects and are meant to be short and easy to digest.
- **General Administration videos** provide tips for Office 365 administrators, including the activation and provisioning of RealConnect licenses.
- **End user specific videos** include quick tips on how to schedule a RealConnect meeting, connect to a meeting from different devices, and how to share content during a meeting.
Online Support – Service Requests

➢ Selecting **Service Requests** allows an authorized user to raise a web Service Request (SR) with Polycom Technical Support.

➢ Users must be logged-in to open a SR

➢ First, users must enter an activation key. Then, follow the instructions provided.
  
  - We encourage searching the ASK Polycom KB prior to submitting SR.

  If you have problems finding your activation key, please refer to ASK Polycom article *Where to find the Activation Key in RealConnect for Office 365*
Online Support – Community

- Selecting **Community** brings the user to our Support Community to discuss Administrator or User questions.

- Please note that a user must register for a Community account and be logged-in to the Community in order to make postings to the Community forum(s).
Support Portal Footer Area

The Online Support Footer area provides access to various Polycom information such as

- Terms & Conditions
- Privacy Policy
