## What's New

These release notes provide information on updates, features, and resolved and known issues for systems using the Poly Studio P15 personal video bar.

The Poly Studio P15 1.3.0 includes the following features:

- [Audio Mute Reminder](#)
- [Camera View Acoustic Fence](#)
- [Enhanced LED Status Indicators](#)
- [Audio Improvements](#)
- [Camera Improvements](#)

### *Audio Mute Reminder*

When the microphone is muted and you speak, the LED blinks red three times. It blinks again whenever the device detects speech after a pause of five or more seconds.

## ***Camera View Acoustic Fence***

This feature dynamically adjusts the acoustic fence range based on the current active camera view. If the person speaking is outside of the current active camera view, their voice is blocked.

## ***Enhanced LED Status Indicators***

Your device provides an LED above the camera to help you understand the device's behaviors. The following table lists each LED and its associated status.

### **Basic Poly Studio P15 LED Status Indicators**

<b>Indicator</b>	<b>Status</b>
Solid white	Device is powered on, the shutter is open, and the device is idle
Pulsing white	Boot initialization in progress
Solid green	For video calls, camera is active (in use or displaying local video preview out of a call), LED stays green when you mute video
Blinking green	Blinks twice to indicate that video is muted
Pulsing amber	Firmware update in progress
Solid red	Muted microphone
Blinking red	Reminds you that the microphone is still muted when speaking
Blinking purple	Indicates that the speaker is outside the camera view acoustic fence

## ***Audio Improvements***

This release includes audio quality improvements.

## ***Camera Improvements***

This release includes camera tuning and exposure improvements.

## **Release History**

This section lists the release history of the Poly Studio P15 personal video bar.

Release	Release Date	Features

1.1.0	January 2021	Introducing Poly Studio P15

## Security Updates

Please see the [Security Center](#) for security advisories, bulletins, and related acknowledgments and recognition.

## Products Tested with This Release

Poly products are tested extensively with a wide range of products. The following sections list the products that have been tested for compatibility with this release.

Poly strives to support any system that is standards-compliant, and Poly investigates reports of Poly systems that do not interoperate with other standards-compliant vendor systems.

Note that the following lists are not a complete inventory of compatible equipment, but the products that have been tested with this release.

## Supported Video Conferencing Clients

You can use the Poly Studio P15 personal video bar with a variety of video conferencing clients. Poly has tested and validated the following conferencing clients with Poly Studio P15.

### Video Conferencing Clients Tested with This Release

Client	Windows	macOS
BlueJeans	2.32.198.0	2.32.0.170
DialPad	4.0.0	4.0.0
Microsoft Teams	1.4.00.7174	1.4.00.7175
RingCentral	21.4.11.207	21.3.22.1859
StarLeaf	5.1.19	5.0.27 (216,744)
Zoom	5.5.1 (2477.0302)	5.6.0 (536)

Your system's actual performance may vary based on software or hardware configurations.

## Supported Operating Systems

You can connect the Poly Studio P15 personal video bar to computers with the following operating systems.

### Operating Systems Tested with This Release

OS	Windows
macOS	11 (Big Sur) 10.15 (Catalina)
Microsoft Windows	Windows 10

## USB-C to USB-A Adapters

For optimal performance, connect the Poly Studio P15 to a USB-C port on your computer. Alternatively, you can use a USB-C to USB-A adapter connected to a USB 3.0 port on your computer.

---

**Note:** If you experience issues with a third-party USB adapter, contact the manufacturer.

---

## Firmware Updates

When using the Poly Studio P15 personal video bar with a supported operating system on a Windows or Mac computer, you must update the device to the latest firmware using the Poly Lens Desktop App. Download the Poly Lens Desktop App at [poly.com/lens](https://poly.com/lens).

Microsoft Windows users can also update the Poly Studio P15 firmware through Windows Update.

## Resolved Issues

The following table lists the resolved issues in this release.

### Resolved Issues

Category	Issue ID	Description
Video	EN-207064	Poor video quality experienced on Poly Studio P15 when using auto exposure
Video	EN-210360	Grainy, poor video quality experienced on Poly Studio P15 connected to Apple computers running macOS
Video	EN-201830	Poor audio quality including audio clipping experienced on Poly Studio P15

# Known Issues

There are no known issues in this release.
