Offer of Source for Open Source Software

You may have a Poly G10-T, Poly G40-T, or Poly G85-T component that contains software from the open source community that must be licensed under the specific license terms applicable to the software.

For at least three years from the date of distribution of the applicable product or software, we will give to anyone who contacts us using the contact information provided below, for a charge of no more than our cost of physically distributing, one of the following items (a) A copy of the complete corresponding machine-readable source code for programs listed in this document or (b) A copy of the corresponding machine-readable source code for the libraries listed in this document, as well as the executable object code of the Polycom work with which that the library links.

The software included or distributed for the Poly G10-T, Poly G40-T, and Poly G85-T components, including any software that may be downloaded electronically via the internet or otherwise. (the "Software") is licensed, not sold.

Open Source Software

The Poly G10-T, Poly G40-T, and Poly G85-T components use several open source software packages. The packages containing the source code and the licenses for all of the open-source software are available upon request by contacting Open.Source@polycom.com.

Poly GC8 License Information

The following table contains license information for the open source software packages used in the Poly GC8. Note that the source code and the licenses for all the open-source software are available upon request. This list is provided as a convenient reference.

Open Source Software License Information

Name of Open Source	Version of Software	License type/ Revision	Source
alsa-lib	1.1.0	GPL v2.1	ftp://ftp.alsa-project.org/pub/lib/
alsa-utils	1.1.0	GPL v2	ftp://ftp.alsa-project.org/pub/utils/
BusyBox	1.25.0	GPL v2	http://busybox.net/downloads/
cairo		GPL v3	http://source.android.com
