## Security Updates

Refer to the [Poly Security Center](#) for information about known and resolved security vulnerabilities.

# Installation

Consider the following guidance when installing or updating to UC Software 7.1.4 for Poly CCX software.

## ***Upgrade CCX 400 Business Media Phones from Version 1.0.0 or 1.0.1 to 6.2.23 or Later***

Use a FAT32 formatted USB flash drive to upgrade CCX 400 business media phones from version 1.0.0 or 1.0.1 to version 6.2.23. You can then upgrade the software again to this release version.

---

**Important:** Don't use these instructions to upgrade CCX 400 phones running CCX 6.2.11 or later. These instructions are only for CCX 400 phones running CCX 400 1.0.0 or 1.0.1.

---

### **To upgrade CCX 400 business media phones from version 1.0.0 or 1.0.1 to 6.2.23:**

- 1 Download the upgrade file (Poly\_UC\_Software\_1.0.x\_to\_6.2.23.0396\_CCX400\_release\_sig.zip) from the [Poly Online Support Center](#).
- 2 Rename the file to *fv\_update.zip*.
- 3 Transfer the file to a FAT32 formatted USB flash drive and connect the USB flash drive to the CCX 400 USB port.
- 4 At the prompt, verify that the current version is one of the following:
  - 1.0.0.0200
  - 1.0.1.0054
- 5 Press **Update**.

The upgrade completes in approximately 10 minutes.
- 6 Once the upgrade completes, press **OK**.

The phone reboots and attempts to connect to a provisioning server. If the phone doesn't connect to a provisioning server, it displays the out-of-box setup screen.
- 7 Change the administrator password and complete the setup wizard.

## ***Download the Distribution Files***

Poly recommends using the distribution file that corresponds to the phone model for your deployment. To match the correct software resource file to your phone model, see the [Split ZIP Files](#) table. If you're provisioning your phones centrally using configuration files, download the corresponding resource file and extract the configuration files to the provisioning server. Make sure that you maintain the folder hierarchy in the ZIP file.

## ***Understanding the Split ZIP Files***

To understand the files distributed in the ZIP file, refer to the following table.

## Split ZIP Files
