

# Poly Trio C60 Solution with UC Software 5.9.5AA

You may have a Poly Voice product with Unified Communications (UC) Software from Poly that contains software from the open source community that must be licensed under the specific license terms applicable to the software.

For at least three years from the date of distribution of the applicable product or software, Poly will give to anyone who contacts us using the contact information provided below, for a charge of no more than our cost of physically distributing, one of the following items: (a) a copy of the complete corresponding machine-readable source code for programs listed in this document, or (b) a copy of the corresponding machine-readable source code for the libraries listed in this document, as well as the executable object code of the Poly work with which that library links.

The software included or distributed for Poly Voice products with UC Software, including any software that may be downloaded electronically via the Internet or otherwise (the “Software”) is licensed, not sold.

## Open Source Software

Poly Voice products with UC Software use several open source software packages. The packages containing the source code and the licenses for all of the open-source software are available upon request by contacting [OpenSourceVoice@poly.com](mailto:OpenSourceVoice@poly.com).

## License Information

The following table contains license information for the open source software packages used in Poly Voice products with UC Software 5.9.5AA. The source code and the licenses for all the open source software are available upon request. This list is provided as a convenient reference.
